

MEMORY DISORDERS RESEARCH SOCIETY

First Annual Meeting

Boston, MA, October 26 - 27, 1989

Lafayette Hotel

Program

Thursday, October 26

8:00 Paper Session - M. Verfaellie, Chair

R. Bauer and C. Schramke

"Psychological recognition in the absence of verbal recall: Implicit memory or involuntary explicit memory?"

8:20 A. Parkin

"Contextual cuing effects in the remote memory of alcoholic Korsakoff and other amnesic patients."

8:40 A. Mayes

"Disproportionate spatial memory deficits shown by amnesics on two spatial tasks. What does it mean?"

9:00 N. Leng

"Differential sensitivity to contextual factors in diencephalic and temporal lobe amnesia."

9:20 W. Hirst and M. Johnson

"On the Nature of Memory Disorders."

9:40 N. Kapur

"Watching the human brain perform 'episodic' and 'semantic' memory tasks: Initial findings from a PET study."

10:00 Break

10:30

Symposium

Neuroanatomy of Memory - A. Damasio, Chair

M. Mishkin - "A Memory Circuit Update"

S. Zola-Morgan - "Memory in Monkeys and Humans: The Contribution of the Hippocampal Formation and Adjacent Anatomically Related Cortex"

P. Goldman-Rakic - "Memory Functions of Prefrontal Cortex and Their Relevance to Dementia"

A. Damasio - "Neural Substrates of Memory at Systems Level"

12:30

Lunch

2:00

Symposium

Implicit Memory - D. Schacter, Chair

A. Shimamura - "Implicit Memory in Amnesia: Issues and Problems"

J. Kihlstrom - "Implicit Memory and Functional Amnesia"

J. Gabrieli - "Dissociations among Implicit Memory Processing in Amnesia and in Normal Memory"

D. Schacter - "Amnesia, Agnosia and Alexia: Toward a Theory of Implicit Memory"

4:00

Business Meeting

6:00

Banquet

Friday, October 27

8:00 Paper Session - W. Milberg, Chair

A. Baddeley

"Schizophrenic amnesia"

8:20 J. Becker

"Characteristics of the memory loss in a patient with Korsakoff's syndrome without alcoholism."

8:40 M. Kinsbourne

"Time estimation in Korsakoff psychosis."

9:00 J. Grafman

"A hypothesis regarding frontal lobe-specific knowledge representation."

9:20 J. Saint-Cyr

"Frontal and procedural memory impairment in Parkinson's Disease."

9:40

~~P. Estinger~~ *De Renzi*

~~"Anatomic systems associated with retrograde amnesia."~~

10:00 Break

10:30 Symposium

Frontal Contributions to Memory - M. Moscovitch, Chair

M. Petrides - "Frontal Cortex and the Monitoring of Self-generated Responses"

G. Winocur - "Hippocampus and Frontal Lobe in Rule Learning and Memory"

B. Milner - "Effects of Frontal Lobe Lesions on Frequency and Recency Judgments"

M. Moscovitch - "Pre and Post-ecphoric Processes and the Frontal Lobes (Strategic Processes)"

D. Stuss - Discussant

12:30 Lunch

1:30

Symposium

Retrograde Amnesia - N. Butters, Chair

N. Butters - "Theoretical Issues in Retrograde Amnesia"

H. Sagar - "Dissociation among Processes in Remote Memory"

L. Squire - "The Study of Retrograde Amnesia: Enduring Issues of Method, Data, and Interpretation"

Eslinger
~~R. McCarthy - "Fractionating Retrograde Amnesia"~~

M. Koppelman - "Autobiographical and Remote Memory in Amnesia and Dementia"

3:30

Paper Session - M. O'Connor, Chair

~~E. De Renzi~~

Break

~~"Developmental dysmnnesia. A case report."~~

3:50

D. Bowers et al.

"Semantic encoding in a retrosplenial amnesic with thalamic hypometabolism and frontal hypermetabolism."

4:10

E. Tulving et al.

"Long-lasting implicit memory in amnesia: A case study."

4:30

H. Markowitsch

"Verbal memory deterioration after unilateral infarct of the internal capsule of an adolescent."

4:50

B. Wilson and ~~P. Kennedy~~

"Five to ten year follow-up of 54 memory impaired people."

5:10

W. Beatty

"Access to semantic memory in Parkinson's Disease and Multiple Sclerosis."
